Product 4182831985.20 COFFEE BIO KNOSPE

Allergen Information

Presence or absence of food allergens according to Regulation (EU) No 1169/2011 and its amendments

The responses of the information given on the allergen form are based on a thorough review of the formula, our manufacturing process and a reasonable inquiry of our suppliers. The „absent“ responses should be seen as Frulact's opinion, that there is no risk of contamination with substances of that group. This does, however not constitute a representation that it is completely impossible that contamination or cross-contamination of a particular batch could occur.

Please see Allergen Management statement for further information (available upon request).
